Notes and Maintenance

Before you begin installation, read all instructions thoroughly.

To protect the product, wax after installing. Regular waxing is recommended to add a protective layer over the finish. Do not use any type of polish or wax that may contain abrasives that could damage the finish.

Mild automotive detergent may be used to clean the product. Do not use dish detergent, abrasive cleaners, abrasive pads, wire brushes or other similar products that may damage the finish.

Refer to the table to the left when securing hardware during the installation process to help prevent damage to the product or vehicle.

Notice for Grille Guard

Due to the coating process, excess coating can build up in the mounting holes. Coating may need to be removed in the lower hole before installation.

Optional Step

Fold the guard down to see where it makes contact with the mounting bracket. Clean the location and apply the provided adhesive foam pieces.
