NOTICE

Before you begin installation, read all instructions thoroughly.

Proper tools will improve the quality of installation and reduce the time required.

Display Photo (product not included)

CAUTION

Two people are required to install product onto the display.

Display holds up to three hitches. Generally wider and heavier products should be mounted closest to the ground.

Make sure each easy-lock latch is secured with a safety pin (or best with a coupler lock).

Hole for safety pin
or coupler lock

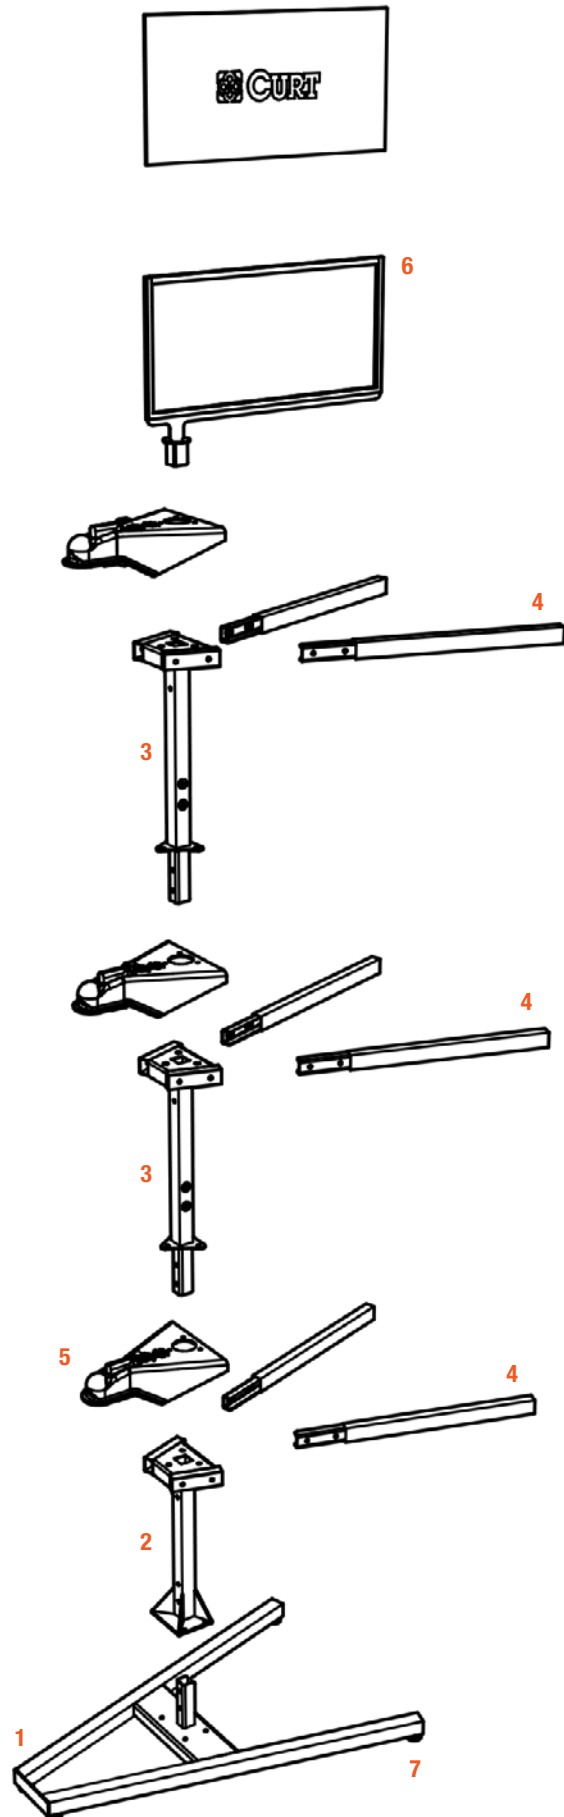

Care must be taken to avoid damage or injury. Do not overload display.

ASSEMBLY

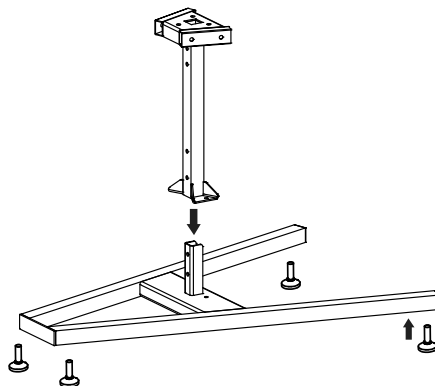

Parts List

Item	Qty	Description
1	1	Base
2	1	Bottom post
3	2	Extension post
4	6	Horizontal tube
5	3	Coupler (#25200)
6	1	Header frame
7	4	Leveler, 3/8"-16 x 1"
8	22	Short screw, 5/16"-18 x 16mm
9	9	Long screw, 5/16"-18 x 16mm
10	9	Nylock nut, 5/16"-18
11	1	Allen wrench, 3/16"
12	1	Nut driver

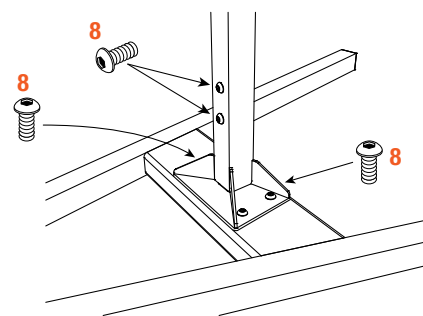

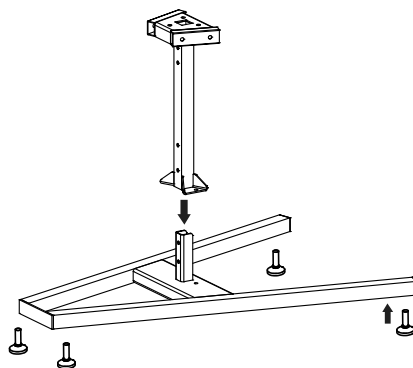

Step 1

Install four levelers (#7) to the underside of the base (#1).

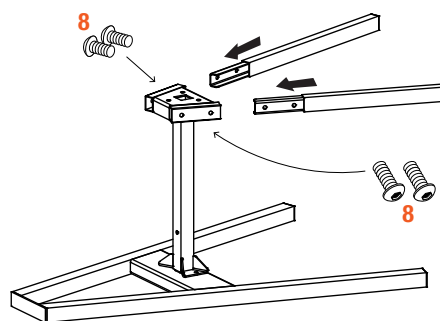

Step 2

Install the bottom post (#2) to the base (#1) and secure with four short screws (#8) on the bottom plate and two short screws on the vertical tube.

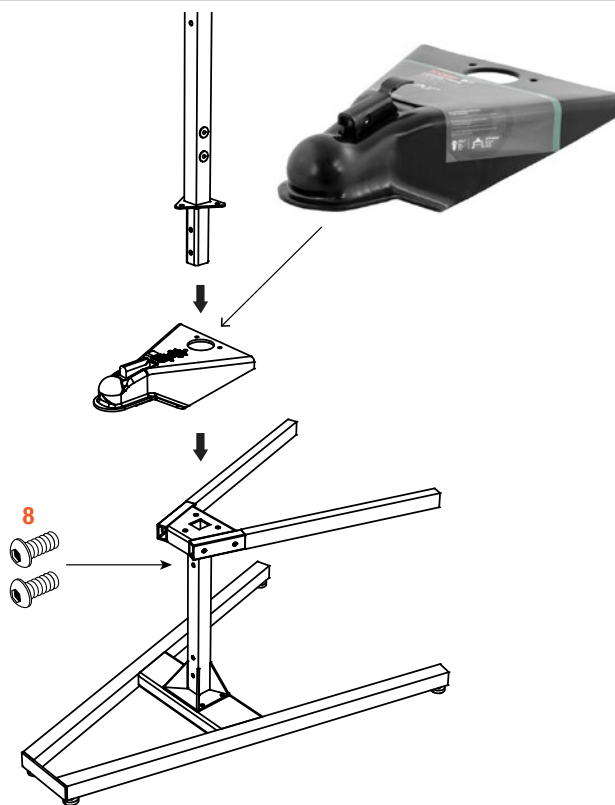

Step 3

Install two horizontal tubes (#4) to the bottom post (#2) and secure each with two short screws (#8).

Step 4

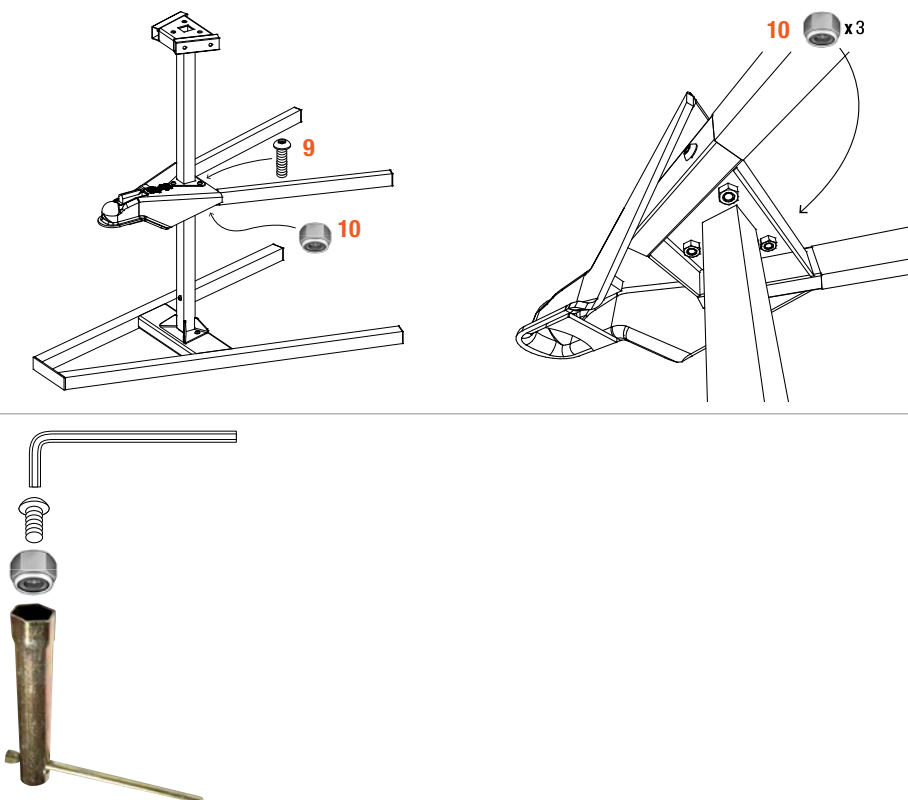

Install the coupler (#5) and extension post (#3) to the bottom post (#2). Then secure the posts together with two short screws (#8)

Step 5

Install three long screws (#9) and three nylock nuts (#10).

Tighten using the allen key (#11) and wrench.

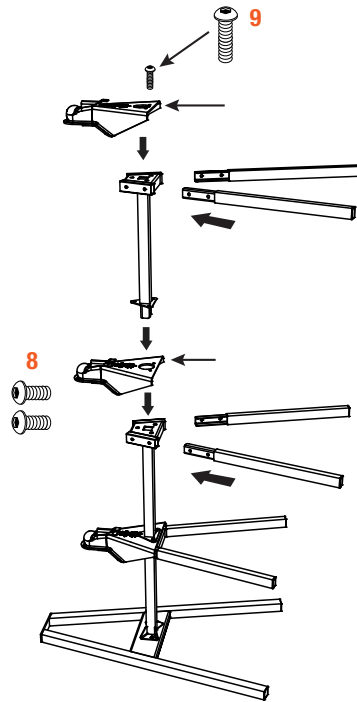

Step 6

Repeat the process to install the second extension post (#3), horizontal tubes (#4) and two couplers (#5).

NOTICE

Install the top-most coupler with three long screws (#9). Install two short screws (#8) to the middle extension post (#3).

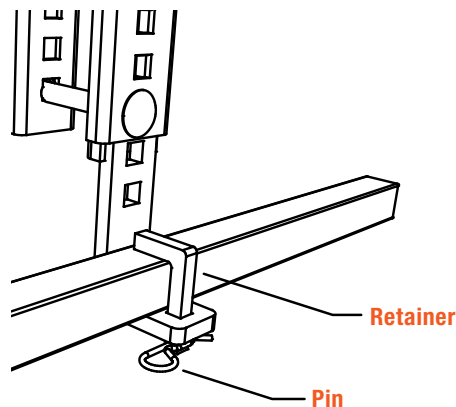

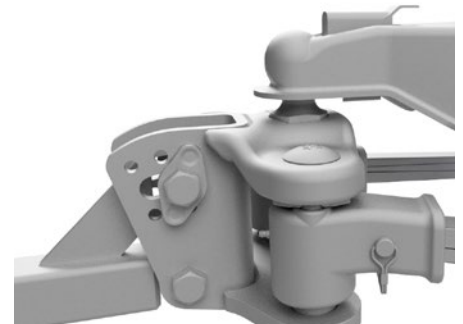

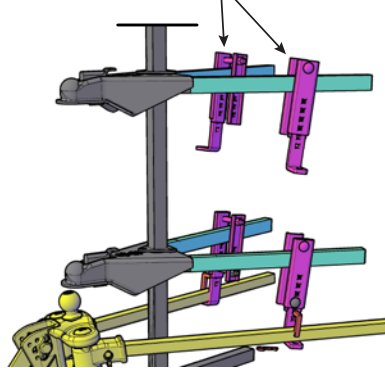

Step 7 - Installing the Weight Distribution Product

Install the support brackets to the horizontal tubes (#4).

Person 1: Carefully hold the front end and install the ball hitch through the ball-end of the coupler.

Person 2: Install both bars to the support brackets. Secure the bars with a retainer clip and cotter pin.

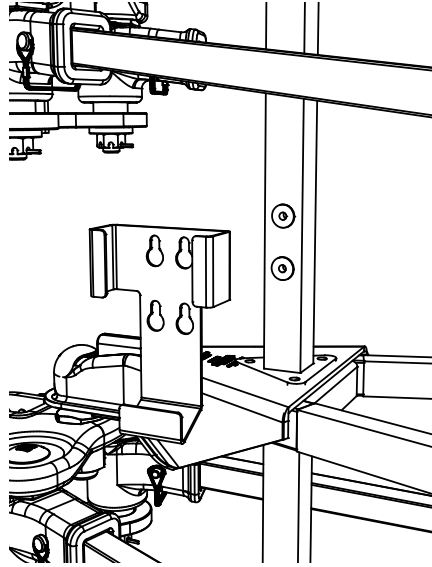

Support brackets

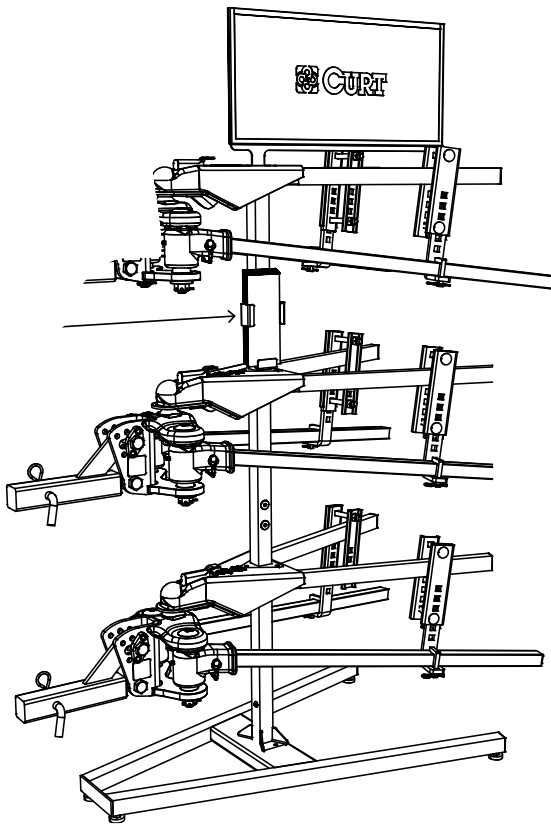

ACCESSORY ATTACHMENT

Step 1

The side threaded holes on the upright (#2) are to be used to secure accessories such as the tri-fold brochure holder (ordered separately).
