# CARGO MANAGEMENT

Scan for live digital version

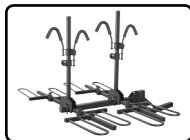

Help your customers hit the road for a weekend of camping, tailgating or biking with CURT cargo management products. Wherever they are heading and whichever toys and equipment they want to have with them, a CURT roof rack, cargo carrier or bike rack will help them Bring It<sup>®</sup>!

CURT's bike rack line continues to expand with the addition of tray-style bike racks. Available for either two or four bikes, these racks are sure to help increase sales.

Our cargo carriers and roof racks are a great way to help your customers carry even more as they venture out with their families for a long weekend. Do not forget about our cargo nets, which are great add-on items, increasing your profits and keeping their belongings secure.

The majority of CURT cargo management products come in attractive, full-color packaging that is sure to catch the eye of your customers.

## Benefits of CURT's cargo management line

Expanding line of bike rack styles

Wide variety of cargo carriers

Full line of cargo accessories

Any bike rack used with an 1 1/4" receiver tube requires the use of a support strap (CURT# 18050). Failure to use a support strap will void the warranty of the trailer hitch and / or bike rack.
